Reports

President

1. Members' Health and Well-Being: Best wishes to Trevor McLennan, Shaun Honan, Craig Folbigg who each dealing with their own issues.
2. This year, for the convenience of members we have been making the distinction between official and logbook runs. An official run or event is just that – it is official; if you attend no logbook entry is required. A logbook run or event is just that – it requires a logbook entry giving the driver/rider 24 hours on the road from one entry.
3. Logbook entries are required for any historic/classic vehicle movements on public roads other than official club runs and events. Care must be taken when driving to and from an official club run or event to take the most direct route. Any deviation requires a logbook entry.
4. Club committee members have been involved in the last month in the presentations of \$5000 cheques to Little Wings and Riding for the Disabled. There will be reports of these in the meeting. Our 2023-2025

selection of two charities will follow the agreed 2021 process. Application forms are available at the meeting and will be emailed to members on request. Application forms are to be returned to the secretary on or before our July Monthly Meeting on July 4th. The committee will then convene, assess the applications and select our two charities for the next two years.

5. Mick See was presented with an award from Little Wings for his long term service to the charity.
6. MCMA members have driven/ridden 1 000 000 kilometres on official club runs and events since July 1st 2016. The ‘one millionth kilometre’ was driven last Wednesday, May 30th, on our official mid-week run. It was between Millfield and Toronto, in a Mercedes Benz, driven by Jed Shelswell.
